ALL INDIA WOMEN'S EDUCATION FUND ASSOCIATION

AIWEFA

ESTD. 1929

93
Years

- NGO in Special Consultative Status with the Economic and Social Council (ECOSOC) of the United Nations
- Observer Status with the UNFCCC

Our Founders

93 years ago, a group of visionary women realised that the only route to Indian women's emancipation was through education. These visionaries were Lady Dorothy Irwin, Rajkumari Amrit Kaur, Sarojini Naidu, Aruna Asaf Ali and others. They could comprehend the vast difference and disparity between their lives and that of millions of Indian women who led subjugated lives. Education and employment were recognised as catalysts for empowerment and hence the ALL INDIA WOMEN'S EDUCATION FUND ASSOCIATION (AIWEFA) was established in 1929, under the leadership of Mahatma Gandhi. In 1932 AIWEFA established the Lady Irwin College, New Delhi, with an objective to inculcate a scientific temper in women's education.

AIWEFA has continued its advocacy of gender parity by presenting policy recommendations at the National and State levels. In recent years AIWEFA has encouraged information sharing among NGOs and has implemented projects at the grassroots level.
